

One to One Matches

This year we supported 44 matches, connecting young people who were in need of an additional, consistent role model with safe and supportive adult volunteers. Bigs and Littles were very excited to be able to finally meet in person again and enjoy restriction-free adventures!

Big Bunch

We continued our commitment to supporting the 105 youth on our waitlist with monthly adventures, an after-school drop-in program and activities at our centre.

Resiliency Program

We partnered with 15 local schools to deliver group programming to over 650 youth that was designed to foster attitudes of positive motivation, increased self-awareness and self-confidence as well as feelings of safety, belonging and worth.

Individualized Family Support

Caseworkers worked closely with our families and youth to provide individualized support as needed that included offering monthly grocery deliveries and hygiene packs to 30 children and youth, 4604 fully subsidized school lunches, 36 Back to School packs that included backpacks, school supplies, shoes and clothing and 23 referrals to other agencies.
